# Salamander Safes.

HERRING'S PATENT: Also, WILDER'S
—SALAMANDER SAFES.—There are but few who
have not, even within their own experience, witnessed distressing effects produced in the sudden destruction by fire
of valuables which cannot be replaced, but might have been
preserved at a trifling expense, in the purchase of one of the
Salamander Fire-proof Safes—once possessed serves as a
Sub-Treasury and a perpetual policy of insurance to the
amount of its contents.

In the year 1844 the subscriber purchased the exclusive
right (for the State of New-York) to make and year Wilder's celebrated Patent Salamander Safe, and is the only
person who has the right to authorize others to make, sell or
use, or to institute suits at law against any infringement
upon said patent in the State.

Having recently obtained a patent for a Safe called Herting's Fire-Proof, which, upon its own merits, forms the
most perfect Fire and Damp-Proof Safe ever offered to the
public, being superior to Whider's Patent, which was
first introduced by the subscriber, and has proved to
be the best Safe in market up to the introduction of
Herting's Patent Fire-Proof. These Safes are now offered as the Champion Safe of the World; and I repeat
my challenge, trapply to these Safes as well as to Wilder's
which I continue to inmish to the public for a fair and impartial tind before a disinterested committee of respectable
citizeus, as published heretofore by me in the city and comtry newspapers, and issued daily in handbills at the Iron
Safe Depot, corner of Water and Pine-sis. All persons
are cautioned against making, vending or using (each being
equally liable) Herring's Fire-Proof Salamander Safe, as no
good fittle can be given in the United States unless purchased from me or my agents.

Having purchased the patent for the manufacturing and
furnishing Hall's celebrated Powder-Proof book, (the key
no larger than a tooth-pick,) for which a medal was awarded
at the World's Fair, London, and now so much in favor
with the public, which it so deservedly merits,

cthers who desire the best security for their money is \$500.
Call at the old established from Safe Depit, Green Block, Water-st., between Maiden-lane and Wall-st., where can be seen for sale the largest assoftment of Fire and Burglac-Proof Safes in the world: together with the medal awarded by the Judges at the great World's Fair, Loudon; also gold and silver medals and diplomas from the American Institute.

N. B.—Specimens of Marbleized Mantels, Columns, Table Topa, &c., &c., can be seen, as now introduced by the Safemander Marble Company, depot No. 813 Broadway, between lith and 12th-sts.

PREMIUM PHENIX SAFES.—The Phoenix Safe, manufactured by PIERCE & VALENTINE, No. 122 Water st., New-York, has proved itself superior to may and all Safes that have been tested in accidental or experimental fires. It was awarded the highest premium, a peld medal, at the late Fair of the American Institute. Being constructed upon scientific principles, it will remain unchanged in any climate, and is the only Safe made free from sampness, and fire proof. A complete assortment now for sale at No. 122 Water-st., near Wall-st., N. Y.

# Coal.

DROFESSOR MORSE'S INVIGORAT-THE WONDERFUL VEGETABLE PRODUCTION THE WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed, has engaged the medical savans of London, Paris, and the chief cities of Europe. Its virtue has been tested, and proclaimed by the highest names in the Faculty of those cities, and teatimonials have been presented to is discoverer by the Academies of Medicine of London, Edinburgh, Paris, Berlin and Vienna. The fame of Professor Morse is too well known in the Scientific World to require any enlogy here. No man has done more to advance the useful and beautiful science to which his life has been devoted, than he has done. He has made the circuit of the world in prosecuting his researches in the vestable kingdom; the botanical productions of the frozen regions of the North, the wonderful plants and herbe of the East, and of the great Southern Continent of Australia, with

DR. MORSE'S INVIGORATING CORDIAL

\$1,000 REWARD.

Some "Patent Medicine Men," who are envious of the immense success of Dr. Morse's Invigorating Cornial have said that he published fictitious signatures. Dr. Morse will pay any of those, men \$1,000 for each fictitious certificate likey can produce.

NO MERCURY OR OPIUM—SOLEMN OATH.

Dr. Marse having recently heard that some Physicians and several Drugists have asserted that his Gordial contained Mercury and Opfam, has made the following affidavit—Whether these Physicians and Drugists supposed it contained Mercury or Opiam, from the singular energy with which it acts upon particular diseases, or from its great power in relieving pain, or out of envy, he knows not:

State of New York, City and County of New-York, sz.—On this leth of June, A. D., eighteen hundred and firsty-six, personally appeared before me, Andrew H. Mickle, Mayor of the City of New-York, Metcalf Morse, who by me being duly sworm, doth depose and say, that there is no Corosive Solimate or other Mercural preparation need in compounding and menufacturing, or is contained in the medicine known by the mare of Dr. Morse's Invigorating Elixir or Cordial, and that it does not contain a particle of Opiam.

M. MORSE.

Sworm to be fore me, this 26th day of June, 1946.

A. H. MICKLE, Mayor.

QUACKS.

There are a class of men who advertise "No Cure no Pay"—"Advice Free." &c., &c., pretending that they are regular physicians. They should be avoided. They ask no nay for advice, but charge extravagantly for the nostrums which they invariably urge you to purchase—some of the various kinds with which their shops are filled. These fellows are general sharks. It is cheaper and far better to get the advice of a physician in good standing. Some of the quacks style themselves great Companies, &c., and put down a dozen different descriptions of cure alls, which, if they could believe them, would raise the dead. They are great humbugs.

PILLS, vs. COMMON SENSE.

People use less common sense in using medicine than upon any other subject. Thousands of lives are annually sacrificed and constitutions ruined by the use of physic. They undertake to restore weakly and debinitated civilized and sick persons reducing their strength by constantly giving them Pills, Pills, Many sick persons eat an amount of Pills sufficient to kill an ox. The constant use of pyblic is as foolish as it is to attempt to cure eruptions of the skin and disease by driving them in with outment and salves. A dose or two of Pills, judiciously taken once or twice a year, are sometimes useful as Outment in cases of Borns and Cuts, They who attempt to strengthen the system by the use of Physic, or cure disease by outments, are fools.

CURE ALLS.

There are medicines advertised, sold and recommended to cure all diseases, no matter how opposite or dissimilar a nature the diseases may be, the medicine will cure you. This is not so! Every one knows a medicine will cure you. This is not so! Every one knows a medicine will cure by entery will not Neursigna. But there are a certain class of diseases arising from the same cause, that a number of medicines properly compounded, or even a single medicine of extraordinary virtues, will remove. For example: Diseases that are brought on by any excessive or unnatural drain on the Vital or Nervous Finds, or the over-taxing or derangement of the Nervous System, by close mental application, or from whatever cause produced, bringing with them a long train of nervous symptoms, and causing, in a short time, affections of the head and mind bordering on insanity.—This state of the system, the Compound, bearing the name of Dr. MORSE'S Invigorating Cordial, will relieve and in a short time restores the system and all the organs to their natural health and vigor.

The manner of preparing a medicine is a most important consideration, for, unless this is done properly, the roundy is wholly inert and worse than useless, for instead of removing the disease as you expect, it still retains a hold on the system, becoming stronger and more difficult of removal, until the system becomes habituated to it, as it were a second nature. Very low heat should be employed in obtaining an extract, otherwise the volutile materials will be dissipated, and some of the parts decomposed, altering, or even destroying it. The manner of preparing this Cordial is such as to render the extraction and the retention of all the medicinal virtues of the plant, and concentrating them to destrable extract, for properly regulating the dose, and at the same time rendering it palatable and acceptable to the stomach.

of those who have need this Extract is: "I had heard your Cordial highly spoken of but was one of the incredulous in regard to its merits—having tried various medicines sold for the same purpose (different Sarsaparillas) without serving any benefit. I had almost given up all hopes of deriving any relief, and when I purchased some of your Cordial, I had no fight highester or its benefiting me; but it has—I feel stronger, have although 'its not three weeks. I am satisfied the helf a dozen bottles I took will cure me."

Another says: "I had consulted several distinguished physicians. Some said I could not be cured—others prescribed this thing and that, but I found no relief until I procured some of your Cordial. I must say it completely cured me."

Another says: "I was surprised at the effect your Cordial had. Why did I not hear of it before! It would have saved me much expense, besides years of mental and bodily suffering."

TESTIMONIALS.

No newspaper would hold the many certificates and testimonies of gratitude to the Proprietor were we at liberty to publish them.

Below is a few of the many thousand Certificates received—being at liberty to publish them.

LET FAOTS SPEAK FOR THEMSELVES.

Hear what the celebrated and distinguished Dz. Wood of Massachusetts may of it:

9 Mass. INSANE HOSFITAL, Wordester, June 1, 1848.

Dear Size—it gives me pleasure to inform you that one of my parients while in Bestin, procured some of your Cerdial which he tells me he has taken two weeks, and that he is

entirely cured. He already looks like a new person who so short a time since looked so pale and thin, and was scarcely able to crawl around. I thought it scarcely possible for him ever to regain his fall strength and facalines; his case was an extremely bad one. I prescribed the usual medicine used in such cases in the Hospital, but they were of no effect. In the mean time my patient had procured some of your Cordial, which effected a cure, I am attasfied no other medicine could have done. I shall ever warmly recommend it whenever an opportunity occurs. The inventor in my younger days I well it member, as being considered one of the most skillful physicians in the United States, and had heard his Cordial very highly spoken of, buthers one of the incredulents as to its merits until I was so may spectedly and satisfactorily convinced to the contrary. It must be a great consolation to you to think what a vest amount of human misery your Cordial is alleviating. With my warmest wishes for your health, happiness and continued success.

I remain very traly yours.

THE MEDICAL JOURNALS

THE MEDICAL JOURNALS

Have not in a sincle instance that has been authenticated, given their senction to any other preparation for the above complaints. It has in many violent and desperate cases effected radical cures, after patients had been abandoned and their condition pronounced nopeless by medical practitioners of high professional character.

My office having been in a store when the desperate cases are the condition of the professional character.

their condition pronounced hopeless by medical practitioners of high professional character.

My office having been in a store where this Cordial was kept for sole for over three years, and my opportunities of undring of its effects somewhat numerous, the vastly increasing demand, and that without a single advertisement, tells for itself. I have seen a case of weakness, which had resisted all treatment for over five years, both in this place and Phindelphia, and the person a fair candidate for suicide, radically cured with one dozen bottles. He had spent hundreds without relief, and was cared with twenty-four dollars worth of Dr. Motres Cordial.

A KENDALL, M. D.

Dg. Moase—Sir: Sometime since you requested my opinion of the virtues of your Invigorating Cordial. I am now prepared to give it. I have had it in practice and prescribed it for the last few months, and must give it my decided preference over anything of the kind with which I am acquainted, both as to its medicinal virtues and reasonable price at which you sell it. I am much pleased with its effects, and any with confidence recommend it to the patronage of the profession as a valuable analysis, for removing diseases is some of the most troublesome forms, and to all as a safe and valuable medicine.

BENIAMIN WEEKS, M. D.

lowing is a specimen.

REV. JOHN SEGER.

Of Jersey City, an old and highly respectable gentleman, of the Baptas persuasion, handed in the following certificate at Dr. Morse's office. It speaks for itself:

Dr. Morse's office. It shall render a benefit to those who are suffering as I have been.

I was utilicated for many mouths with pains in the head and dimness of sight, together with great nervous debility, so much that it was with much difficulty for me to walk or keep about. My digestive organs, also, were much deranged. I used quite a number of remedies, but received little or no benefit, until I took your Cortial, which, through the kindness of Providence, has restored me to more than my usual health, as I am now enjoying better health than I have done for a number of years. I am now enjoying the tree which I recommend to my numerous acquantance, and they are very large, as I have been a minister a great many years. I hope this hasty sketch may be as much benefit to you as the medicine has to me.

Jan 7, 1852.

METHODIST CLERGYMAN.

tend its use as far as lays in my power. You are sherty to publish this if you choose. I live and can be see No. 38 Prince-st THOMAS LLOYD, Ja.

impression was, that the modicine was manufactured to sell, as most of the patent medicines are, and would be worse than useless. I should not have taken it but for your recommendation and knowledge of the professional standing of the proprietor. If acts like magn. My health began to improve almost from the first dose. My appetite came better. I fast stronger; and now, although I have taken but four of the six bottles you sent me, I feel well. I am satisfied of my indebtedness to the Cordial for my returning health. I shall always regard it as an invaluable remedy. Respectfully yours, JOHN ROBERTSON.

To Dr. J. W. DYOTT, Philadelphia.

To Dr. J. W. DYOTT, Philadelphia.

BROOKLYN, Aug. 19, 1849.

Dr. Morse-Dear Sir: My wife has been afflicted for the last seven years with General Weatness, Prostration, Sonr Stomach, Dwapepaia, Costiveness, Extreme Nervousness and Headache, brought or, as I believe, originally by a severe Cold during sickness, which nearly terminated her life. Several physicians were employed, and a great many medicines to no purpose. Among the rest were numerous cordials and other medicines advertised for the same purpose as yours. And at last a friend of the family requested me to try your cordial, which I did, with no hope that it would operate with any better effect than the others, but I rejoice, and feel my heart expand toward you, my dear sir, when I inform you alse has not yet taken three bottles, and already enjoys better health than she has for twenty years previous to this date. Contiveness, Headache, Nervousness, Piles, Dyspepsia, all are gone, and I have not the least doubt it will ultimately restore her to complete health. I shall ever take pleasure in recommending it to others troubled in like manner.

Servet Servers R. WADETERW. in like manner. With my best respects,
SYLVESTER H. WORTHEW.

OPINIONS OF THE PRESS.

OPINIONS OF THE PRESS.

Herald.

We invite the attention of our readers to the advertisement of Dr. Morse's Invisorating Cordial in another column of this paper. We have heard it recommended by some of our most celebrated Physicians as the best remedy sold for those compliants it is advertised to cure, and we have known many cases ourselves of Debility that it has completely cured, and think it a valuable preparation, and worthy of the name it bears:

Philadelphia Weekly Sutarist.

We are not an advocate for Patent Medicines in the general sense of the word, but we must say that the "Invisorating Cordial," advertised on our last page, has a reputation far above the "quack" medicines of the day. The "Cordial," it will be seen, is supplied wholessic and retail, by Dr. Dyott, No. 132 North 2d-st.

Boston Daily Mad. Aug. 25, 1352.

The success of Dr. Morse's invigorating Cordial, appears to be of the most extraordinary character. We publish to day two certificates in its behalf, one from Thomas Lloyd, No. 38 Prince st., of this city, and one from Rev. Mr. White sof Lynn. Mr. Lloyd believes the medicine to have saved his life, and Mr. White seems to entertain an equally strong confidence in its efficacy. Intelligent men like those would not praise so strongly what that they did not fully believe to be true.

The Odd Fellow's Paper, publishes the following: "Among

heve to be true. The Golden Rule.

The Odd Fellow's Paper, publishes the following: "Among the numerous extracts of medicines recommended for the long train of nervous diseases, depending upon prostration or debility, from whatever cause produced, Dr. Morse's Invigorating Cordial bears the palm of superiority.

"It is indeed a valuable-inedicine, and having seen it used with decided advantage in a number of cases, we can recommend it with pleasure, and with full confidence in its success."

Prepared by M. MORSE, M. D., and for sale by CHAS.
H. RING, General Agent, No. 192 Broadway, New-York, to
whom all orders must be addressed.

Boston, W. V. Spencer, No. 123 Washington-st. Fetridge
